

Wet saws

Ideal for cutting ceramics, porcelain, reinforced grès and stone materials — up to 25 cm in a single pass.

Available with single-phase or tri-phase engine, in a standard length or built-to-order in custom length.

- 4 HP single-phase or 5,5HP tri-phase engine, with belt transmission
- Poly-V high efficiency transmission belt
- 100% Aluminium table chassis
- Stainless steel head rails and adjustable armoured ball bearings
- Polyethylene water basin with screw-in cap
- Water cooling system featuring armoured pipe, metallic tap and bilateral blade spray terminals
- Magnetic-induction pump
- PVC cable/pipe protection chain
- Cutting head's mechanical vertical tilting system allows for cut depth adjusting
- Cutting system's side tilt capability eases up to 45° ("mitre") cut
- Front, back and bilateral side blade protection devices included
- Electrical system featuring magneto thermal protection and release coil
- Retractable legs include fall-protection device
- Table handles and transport wheels included
- Supports \varnothing 650 blades
